- Address: 28 De Graaff St, Holder,ACT

- Results-driven Frontend Developer with expertise in creating user-friendly and responsive web applications. Adept in HTML, CSS, JavaScript, and React, with hands-on experience building 3D web experiences using Three.js. Passionate about problem-solving, collaboration, and staying updated with the latest industry trends. Seeking opportunities to contribute to innovative projects as a web developer or trainee, with a commitment to continuous learning and professional growth.

Core Skills and Technology

- **Frontend Technologies:** Proficient in HTML, CSS, JavaScript, and React for developing scalable web applications.
- **3D Web Development:** Knowledge of Three.js for designing interactive 3D web environments.
- **State Management:** Experience with Redux Toolkit for efficient state handling.
- **Version Control:** Skilled in Git and GitHub for collaborative development and version tracking.
- **Responsive Design:** Strong understanding of mobile design principles and cross-browser compatibility.
- **Debugging and Optimization:** Proficient in browser developer tools and web performance tuning.
- **Soft Skills:** Excellent communication, teamwork, adaptability, and a detail-oriented mindset.

Education

- **DENTED CODE ACADEMY**
Frontend development Job ready Course| May 2023
- **BACHELOR OF BUSINESS INFORMATION SYSTEM(BIS)**
Australian Institute of Higher Education(AIH) 2016-2019

Projects

- **Portfolio Website:** Designed and deployed a responsive portfolio using React.js, showcasing projects and technical skills. Enhanced accessibility and performance metrics.
- **E-commerce Platform:** Built an e-commerce application with features like product listings, search functionality, and user authentication using React, Redux Toolkit, and Firebase.
- **Task Management App:** Developed a secure to-do application with React.js, incorporating CRUD operations and user authentication.
- **3D Interactive Website:** Created immersive 3D experiences with Three.js, highlighting advanced interaction and design techniques.
